

Course Learning Tracker

By teChia Digital Academy
Digitalize. Simplify. Grow.

Purpose

Use this tracker to organize your learning, monitor progress, and stay consistent.

You can copy this into a notebook, Google Docs, Notion, Excel, or any tool you prefer.

Learner Information

Name:

Course pack purchased:

Main learning goal:

Start date:

Target completion date:

My Learning Goal

Write your goal in one sentence.

Example:

I want to learn digital marketing and content creation so I can support small businesses online.

My goal:

Weekly Study Plan

Week	Focus Area	Lessons/Topics	Practice Task	Completed?
-----	-----	-----	-----	-----
Week 1				
Week 2				
Week 3				
Week 4				
Week 5				
Week 6				
Week 7				
Week 8				

Course Progress Tracker

Course/Topic	Started	Completed	Key Notes	Practice Done?
-----	-----	-----	-----	-----

What I Learned

Use this section after each lesson or topic.

Topic:

Three things I learned:

- 1.
- 2.
- 3.

One thing I need to practice:

One question I still have:

Practice Log

Date	Skill Practiced	What I Created or Improved	Notes
----	-----	-----	-----

Proof of Skill

List things you create while learning.

Examples:

- * A sample flyer
- * A content calendar
- * A CV update
- * A business audit
- * A spreadsheet
- * A presentation
- * A simple automation idea
- * A social media page improvement

Proof Item	Link or Location	Date Created
-----	-----	-----

Weekly Reflection

Answer these questions every week.

What did I learn this week?

What did I practice?

What was difficult?

What will I improve next week?

Completion Review

At the end of your course pack, answer:

What skill improved the most?

What can I now do that I could not do before?

What proof have I created?

How can I apply this skill in work, freelancing, business, or personal growth?

What should I learn next?

Final Reminder

Learning is not only about finishing videos or lessons.

Real progress happens when you apply what you learn.
