

30-Day Digital Skills Action Plan

By teChia Digital Academy
Digitalize. Simplify. Grow.

Purpose

This 30-day plan helps full-pack buyers move from learning to action.

The goal is not to finish everything quickly. The goal is to build momentum, practice consistently, and create proof of your skills.

How to Use This Plan

Each week has a focus:

Week 1: Foundation

Week 2: Visibility and Content

Week 3: Productivity and Tools

Week 4: Application and Proof

You can adjust the pace based on your schedule.

Week 1: Foundation

Goal:

Understand your learning direction and build a practical base.

Day 1: Define Your Goal

Write your main learning goal.

Examples:

- * I want to learn skills that can help me find work.
- * I want to support my business with better digital tools.
- * I want to become a freelancer.
- * I want to create better content.
- * I want to understand AI and modern productivity tools.

Your goal:

Day 2: Choose Your Learning Path

Choose one:

- * Student path
- * Job seeker path
- * Freelancer path
- * Business owner path
- * Creator path
- * Working professional path

Write your chosen path:

Day 3: Organize Your Study Time

Choose your weekly study schedule.

Example:

- * 30 minutes per day
- * 1 hour every two days
- * Weekend study blocks

My study schedule:

Day 4: Start With One Course or Topic

Choose your first course/topic.

Topic:

Key notes:

Day 5: Take Action Notes

Write three things you learned.

- 1.
- 2.
- 3.

Day 6: Practice One Small Thing

Create or improve something small.

Examples:

- * A sample post
- * A CV section
- * A spreadsheet
- * A business description
- * A simple content idea
- * A digital tool setup

What I practiced:

Day 7: Review Week 1

What did I learn?

What was difficult?

What will I improve next week?

Week 2: Visibility and Content

Goal:

Understand how digital visibility, content, and communication create trust.

Day 8: Study Digital Marketing or Online Business

Key notes:

Day 9: Analyze a Business or Personal Brand

Choose one business, creator, or professional profile.

What are they doing well?

What can be improved?

Day 10: Create a Simple Content Idea List

Write 10 content ideas.

- 1.
- 2.
- 3.
- 4.
- 5.
- 6.
- 7.
- 8.
- 9.
- 10.

Day 11: Create One Sample Post

Topic:

Caption:

Visual idea:

Day 12: Improve a Profile

Choose one:

- * WhatsApp Business profile
- * Facebook page
- * Instagram profile
- * LinkedIn profile
- * Personal portfolio
- * Business page

What I improved:

Day 13: Learn From Feedback

Show your work to someone trustworthy and ask:

- * Is it clear?
- * Does it look professional?
- * What can be improved?

Feedback received:

Day 14: Review Week 2

What did I create?

What did I improve?

What should I practice more?

Week 3: Productivity and Tools

Goal:

Use digital tools to work smarter.

Day 15: Study Office or Productivity Skills

Key notes:

Day 16: Organize Information

Create or improve one of these:

- * Spreadsheet
- * Document
- * Presentation
- * Checklist
- * Tracker
- * Simple system

What I created:

Day 17: Explore AI for Productivity

Use AI responsibly to help with:

- * Ideas
- * Drafting
- * Summarizing
- * Planning
- * Organizing
- * Improving text

What I used AI for:

Day 18: Improve Communication

Write a professional message, proposal, bio, or service description.

Draft:

Day 19: Identify a Repetitive Task

What task do you or a business repeat often?

How could it be simplified?

Day 20: Create a Simple Workflow

Write the steps of a process.

Process name:

Steps:

- 1.
- 2.
- 3.
- 4.
- 5.

Day 21: Review Week 3

What tool helped me most?

What process can I improve?

What skill should I keep practicing?

Week 4: Application and Proof

Goal:

Create proof of what you can do.

Day 22: Choose a Practical Project

Choose one project:

- * A content calendar
- * A small business digital checkup
- * A CV/LinkedIn improvement
- * A flyer/content sample
- * A presentation
- * A spreadsheet tracker
- * A basic service offer
- * A simple automation idea

My project:

Day 23: Plan the Project

Goal:

Steps:

Tools needed:

Day 24: Build the First Version

What I completed:

Day 25: Improve the Work

What I improved:

Day 26: Package the Work

Make it presentable.

Add:

- * Title
- * Short explanation
- * Before/after if possible
- * Clear result

Day 27: Share or Present It

Share with:

- * A friend
- * A business owner
- * A mentor
- * A potential client
- * Your social page
- * Your portfolio

Where I shared it:

Day 28: Ask for Feedback

Feedback received:

Day 29: Create Your Next Step

What will you do next?

Choose one:

- * Continue learning
- * Create more samples
- * Offer a small service
- * Improve your business
- * Build a portfolio
- * Apply the skill at work

My next step:

Day 30: Final Review

What did I learn in 30 days?

What did I create?

What improved?

What skill do I want to continue developing?

Final Reminder

The best learners are not the people who only consume content.

The best learners apply, practice, improve, and create proof.
